Good morning Joanna - Sorry I have not gotten back to you sooner. I had a death in the family and have been off several days.

Per our earlier conversation, I have attached a partial response to your request addressing several of your specific items. Please review and share with your client the information I have provided and let me know if this meets most of the information you are requesting and what additional information you require.

Per your March 16, 2015 email, I am working with the subject matter experts to determine what categories of records we have and will get back to you shortly.

If you have any questions, don't hesitate to email or call me ([202-536-8144](tel:202-536-8144)).

Good morning,

Regarding the request that we narrow our request for "all records", is it possible for you to let us know what categories of records you have? This would assist us in focusing our request. Thank you.

Kind regards,

Joanna McCall

Good morning,

I apologize for the slow response. Unfortunately, we have to decline the request for a conference call. There are several people involved in this request on our end, and we cannot coordinate them for a call tomorrow morning.

Can you let me know what information you have available and what areas of the request you need clarified?

Kind regards,

Joanna McCall

Good morning Mr. Hackett - We received your request for information concerning GSA's Digital Analytics Program and forwarded your request to our Subject Matter Experts (SME's). Since your request is quite extensive and broad in nature, our SME's asked that we contact you to discuss your request, what we currently have readily available and to explain to us as specifically as possible, the areas of the request that we need clarified.

If possible, we would like to have a teleconference with you on Tuesday at 11:00am. If this date/time does not work for you, let me know what date(s) and time(s) work best for you.

Also is [800-494-5225](tel:800-494-5225) a good number to reach you at?

Thank you and look forward to talking you in the near future.
